## Highway 69 Four-Laning

Phase 1 – G.W.P. 5402-05-00

1.0 km north of the New Highway 559 Interchange to 5.6 km north of existing Woods Road

### THE PROJECT

The Ministry of Transportation has retained McCormick Rankin Corporation to undertake the Detail Design for the four-laning of approximately 17km of Highway 69 from 1.0 km north of the New Highway 559 Interchange to 1.5 km north of Highway 7182 (Shebeshekong Rd.) (G.W.P. 5402-05-00). The preferred alignment for this section of Highway 69 was identified and documented in a Route Planning and Environmental Assessment Report (December 2006).

### THE PROCESS

The Detail Design will be implemented in two (2) phases:

Phase 1 - 1.0 km north of the New Highway 559 Interchange to 5.6 km north of existing Woods Road

Phase 2 - 5.6 km north of existing Woods Road to 1.5 km north of the existing Highway 7182 (Shebeshekong Road)

Each phase may include an advance clearing contract and a main highway construction contract. This project will follow the approved environmental planning process for Group "B" projects under the *Class Environmental Assessment (Class EA) for Provincial Transportation Facilities* (2000).

### PUBLIC INVOLVEMENT

A Public Information Centre (PIC) for the Phase 1 Project Area will be held to provide residents and other members of the public an opportunity to review and comment on the project, exchange information and ask one-on-one questions of the Project Team. The PIC will be an informal, open-house style event, however, a brief presentation will be held at 5:30pm. You are encouraged to attend this PIC and to provide us with your views and comments so they can be addressed as the project progresses. A subsequent PIC will focus on Phase 2.

Input can also be provided through the project website ([www.Highway69.ca](http://www.Highway69.ca)).

#### PIC Venue Location

Date:	Tuesday, January 25, 2011
Location:	Nobel Ebenezer United Church 145 Hammel Avenue, Nobel
Time:	4:00 pm to 7:00 pm Presentation at 5:30 pm

### COMMENTS

If you wish to obtain additional information about the project, be included on the project mailing list, or provide input at any point during the design project, please contact:
